Kim Crockett's Anti-Semitic Promotional Campaign Video

The Republican-endorsed candidate for Minnesota's Secretary of State, Kim Crockett, has taken the lowest of low roads already. In a promotional video for her campaign, Crockett depicts the Jewish incumbent Secretary of State and a Jewish elections lawyer as being controlled by George Soros, a Jewish Philanthropist. The video depicts Soros as a puppet master, an age-old anti-Semitic trope that serves as a dog whistle for conspiracy theorists who believe Jewish people secretly control large parts of society. Anti-Semitism like this has no place in Minnesota, and we need to make that clear.

Republicans Block Legalizing Cannabis

Senate DFLers have been fighting hard to legalize marijuana, and last year for the first time ever, a marijuana legalization bill in Minnesota passed the House in a 72-61. However, today, the Republican-controlled Senate struck down a bill that would legalize recreational adult-use cannabis. In a 33-31 vote, 31 Republicans voted against legalizing adult-use cannabis, along with an independent and one DFLer. Senate Republicans are doing this for their own personal gain. Rather than helping Minnesota's economy, and helping many Minnesotans, they would rather split our elections to keep control of the Senate. Republicans have encouraged Legalize Marijuana candidates to run in closely-contested districts to ensure that DFLers lose votes.

Minnesotans should not be used as pawns in Republican's political games.
