

President Biden Delivers on Campaign Promises and Signs Historic Inflation Reduction Act Into Law

President Biden's latest accomplishment for Americans was signing into law the Inflation Reduction Act this week. This legislation is the single largest investment in climate action in U.S. history. It does a lot of good on a lot of fronts: it shows our allies we can be trusted to collaborate on global issues, it positively incentivizes and rewards Americans to be part of the solution, and it pays for itself while reducing the national debt. It does all that while also making big wins for the pocket books of Americans and their health.

Worsening environmental conditions lead to more need for disaster relief funds from our economy and tax base. It also means more medical afflictions for the everyday person, such as asthma, lung cancer, heat exhaustion, and death. By actively working to prevent environmental catastrophe, Americans will be better off in every way. Not to mention, the law caps yearly prescription costs for older Americans and allows Medicare to negotiate drug prices directly with Big Pharma so the patient and the taxpayer get what they need at the best deal.

Republicans didn't vote in support of the IRA. Biden delivered and by electing a wider majority in the Senate, expanding the majority in the U.S. House, and reelecting DFL leaders in our state who will properly distribute and utilize funding from the federal government, more progress is possible.

- Democrats passed the Inflation Reduction Act, which will be paid for by requiring big corporations to pay their fair share in taxes, with no tax increases for Americans making under \$400,000 a year. This reflects President Biden's commitment to not raise taxes on anyone making less than \$400,000 per year and to help rebuild the middle

class. <https://www.washingtonpost.com/politics/2022/08/16/biden-inflation-reduction-act-signing/>

- No American should go bankrupt when it comes to health care. Biden signed the IRA into law to cap the cost of prescription drugs and allow Medicare to negotiate drug prices, keeping more money in the pockets of Americans and helping our communities stay healthy. <https://www.washingtonpost.com/politics/2022/08/16/biden-inflation-reduction-act-signing/>
- The Inflation Reduction Act is a bill for Americans. It is a commitment to lower drug costs for seniors, lower ACA health care premiums, mitigate the damaging effects of climate change, and invest in energy technologies – all while reducing our national debt. <https://www.washingtonpost.com/politics/2022/08/16/biden-inflation-reduction-act-signing/>
- The DFL supports President Biden's signing of the Inflation Reduction Act into law, which will take major steps to reduce inflation, address the climate crisis, and make healthcare, especially prescription drugs, more affordable. It will do all of this WHILE reducing the deficit. <https://www.washingtonpost.com/politics/2022/08/16/biden-inflation-reduction-act-signing/>
- Big Pharma has been bankrupting hard working American families for too long. That's why Democratic Senators, Democratic Representatives, and Democratic President Joe Biden passed the Inflation Reduction Act to make the healthcare Americans need more affordable as well as provide the care the planet needs to mitigate climate change. It is a Republican myth that the interests of Americans are at odds with the environment because this bill will also lower the federal deficit. <https://www.washingtonpost.com/politics/2022/08/16/biden-inflation-reduction-act-signing/>
- Climate change catastrophes will only require more funding and healthcare for victims living with the consequences of more intense heat and natural disasters. That's why Democrats passed the Inflation Reduction Act to meaningfully address both while lowering the federal deficit. <https://www.washingtonpost.com/politics/2022/08/16/biden-inflation-reduction-act-signing/>

- The #InflationReductionAct is one of the most significant laws in recent history. Families will see financial relief; seniors will pay less for prescription drugs; and the climate crisis addressed. #DemocratsDeliver #VoteBlueIn2022
- The #InflationReductionAct locks in place lower healthcare premiums for families who get coverage under the #ACA. 13M people will see average savings of \$800 a year, in addition to the \$2,400 in savings through the American Rescue Plan. #DemocratsDeliver #VoteBlueIn2022
- The #InflationReductionAct gives #Medicare power to negotiate for lower prescription drug prices. The law caps seniors' prescription drug out-of-pocket costs at \$2,000/year. The big drug companies spent nearly \$100 million to beat this law; #Democrats prevailed. #DemocratsDeliver
- The #InflationReductionAct makes big corporations and billionaire tax cheats pay their fair share, and middle-class families making below \$400,000 won't pay a dime more in taxes. #DemocratsDeliver #VoteBlueIn2022
- For decades, Big Pharma blocked action to cut prescription drug costs and spent hundreds of millions of dollars in lobbying. #Democrats defeated them by empowering Medicare to negotiate prescription drug prices and capping seniors' out-of-pocket costs for prescription drugs.
- Big profitable corporations have gotten away with paying no federal income taxes for years even as they have made billions of dollars in profits. President Biden and congressional Democrats are establishing a minimum corporate tax, so that companies finally pay their fair share.
- Special interests have blocked action to address the climate crisis and limit investment in clean energy. @POTUS and congressional #Democrats took aggressive action, making

the largest investments ever to combat the climate crisis while strengthening our energy security and creating jobs in America for workers.

- Special interests have blocked action on the climate crisis for years. @POTUS and congressional #Democrats have taken aggressive action, making the largest investments ever to combat the climate crisis while strengthening our energy security, creating jobs in America for workers.
- Every single #Republican voted against lower prescription drug prices, lower health care costs and a fairer tax system. Every single Republican voted against tackling the climate crisis, lowering energy costs and creating good-paying jobs. "No" will not move the U.S. forward. #VoteBlue
- Under the #InflationReductionAct, #Democrats made a historic investment in a clean energy economy while also lowering the deficit and made those at the top pay their fair share. #DemocratsDeliver #VoteBlueIn2022

Minnesota Republicans Didn't Do Their Jobs to Ensure Public Safety. Now They're Blaming Walz and Hurting Minnesotans

Safety. Democrats know it's an issue. Republicans know it's an issue. Why are Democrats the only ones willing to do something about it?

Governor Walz is continuing to deploy the State Patrol to assist in apprehending violent offenders in hot spots in the Twin Cities metro area, and has directed the Minnesota Bureau of Criminal Apprehension to continue to lend assistance as well.

If Republicans stuck to their word, this could have been avoided. In January of 2022, Minnesota state Republicans held a press conference where they pledged to work with anyone to combat crime in Minnesota. At the end of the 2022 legislative session, it was Minnesota Republicans who walked away from a deal to cut taxes, invest in public safety, and fund our schools.

Republicans may have failed the state of Minnesota, but Governor Walz is stepping up to keep people safe.

- .@tim_walz is addressing the increase in crime. @mngop candidate @drscottjensen? Scaring people and pointing fingers. Minnesotans deserve a leader who will take on the tough issues, not play the blame game. #VoteBlueIn2022

- This spring, @mngop legislators walked away from funding public safety. Now as we need cops, community prevention and help for crime victims, #Republicans won't take any responsibility for their inaction. Republicans could have made a difference for families; they chose not to.
- This session, @mngop legislators walked away from public safety negotiations. #mndfl legislators were ready to support cops, community prevention and crime victims. Don't fall for #Republican lies about public safety; they only want your vote. #VoteBlueIn2022 for #Minnesota.

Democrats Deliver for the American People. Republicans Obstruct and Side with Special Interests

President Biden has made good on a significant portion of his presidential agenda already and it goes beyond the Inflation Reduction Act.

Biden recently signed the PACT Act which supports veterans by providing medical care for health conditions sustained from serving our country and being exposed to burn pits. It expands and extends eligibility for VA health care for Veterans with toxic exposures and Veterans of the Vietnam, Gulf War, and post-9/11 eras. It also provides funds for treatment research and much more.

In the recently signed Science Act and CHIPS Act, an International Technology Security and Innovation Fund is established to strengthen secure semiconductor supply chains as well as the development and adoption of secure telecommunications networks. This will help the U.S. be a global leader in technology and ensure that supply chain breakdowns no longer lead to reduced supply or higher prices for Americans.

Republicans didn't vote in support of the IRA. Republicans gutted the cap on monthly insulin costs for Americans. They held up the PACT Act and in doing so proved that they only use veterans for photo ops. They sided with China when they voted against the CHIPS Act. Biden delivered and by electing a super majority in the Senate, expanding the majority in the U.S. House, and reelecting DFL leaders in our state who will properly distribute and utilize funding from the federal government, more progress is possible, even without raising taxes on average, working Americans or increasing the federal debt. Something the Republicans who passed the 2017 tax cuts wouldn't know, because those cuts only ended up adding to the national debt and hurting ordinary people.

BIDEN WINS:

- Inflation Reduction Act
- CHIPS & Science Act
- PACT Act for veterans
- First major gun safety legislation in decades
- Took out the leader of al Qaeda
- Historic job growth
- Historically low unemployment
- Expanded the NATO alliance
- American Rescue Plan led to fastest jobs recovery in history
- Confirmation of Justice Ketanji Brown Jackson
- Rallied our allies in support of Ukraine
- Once-in-a-generation infrastructure investments

- @POTUS signed the CHIPS and Science Act into law to lower costs, create jobs and increase competitiveness with China. This historic legislation is good news to American manufacturers. Most Republicans in #Congress sided with China and voted against the bill. #DemocratsDeliver
- @POTUS signed into law the PACT Act to ensure veterans get the health care benefits they've earned — after Senate #Republicans temporarily held up the crucial bill to try and score political points. #DemocratsDeliver
- The difference between #Democrats and #Republicans is clear: Democrats stood with families, seniors and clean energy to defeat special interests to lower health care and prescription drug costs and utility bills. Republicans voted against people for corporations and billionaires.
- @POTUS and #Democrats delivered major wins for the American people, dealing a blow to entrenched special interests and the Republicans who are pushing their agenda. #DemocratsDeliver
- While #Democrats passed the #InflationReductionAct to lower the price of prescription drugs and home energy #Republicans blocked a provision that would have capped insulin costs at \$35 a month for people with private insurance, prioritizing Big Pharma over American families.
- @POTUS and congressional #Democrats have beat special interests to deliver game-changing wins for American families. #DemocratsDeliver
- The #InflationReductionAct lowers prescription drug, health insurance and energy costs, and fights inflation – all while reducing the federal deficit and finally making big corporations and billionaire tax cheats pay their fair share. #DemocratsDeliver
- The CHIPS and Science Act lower costs, create American jobs and increase competitiveness with China. #DemocratsDeliver
- @POTUS and congressional #Democrats pushed for the PACT Act to ensure veterans get the health care benefits they've earned. #DemocratsDeliver

Ellison is the Attorney General Candidate Who Works for Minnesotans, Not Against Them

GOP candidate for Minnesota Attorney General Jim Schultz will not protect right to reproductive choice and abortion. We know because he has said it himself.

Schultz said that he will personally “play offense” when it comes to abortion. He should know that’s not the job of Minnesota Attorney General. The Attorney General is supposed to protect Minnesotans, not go after them for personal beliefs and private decisions.

The decision to have an abortion is a decision for each pregnant person to make, not Jim Schultz. Incumbent DFLer Minnesota Attorney General Keith Ellison knows that each person’s private decision for their health and wellbeing is theirs to make, which is why he will continue doing his job properly to protect vulnerable Minnesotans, not serve personal, biased beliefs.
